If requesting MUN, add $75.00 .....→

SUBTOTAL .....→

GST .....→

TOTAL AMOUNT OWING .....→

***DHI Staff Coordinated Test:**
A higher administration fee is charged if the DHI Technician makes the arrangements for delivery and pick up of sample bottles to the farm and the shipment of samples to the lab.

****Self Coordinated Test**
Herd owners are expected to make their own arrangements for getting sample bottles from and to the lab.

PLEASE NOTE:
Remember to read the instruction sheet for 'Special Lab Sampling' before you start testing. A fee of $10.00 will be levied if the samples arrive in the laboratory and have not be labeled in the sequential order according to the instruction sheet. This cost is necessary to cover the additional time required to identify the samples on the computer printout.

Calculate the TOTAL amount owing using the table above. This form and a cheque made payable to CanWest DHI Services, **MUST BE SENT/DROPPED OFF** with your samples to:

Pacific Milk Analysis Lab, 45890 Cheam Avenue, Chilliwack, BC V29 1N6

For more information, or to arrange a Self Coordinated test, please contact:
